WALDEN MILLER CUSTOM SIZE GARMENT ORDER FORM Page 2

Please fill in **ALL** details as accurately as possible, it helps us to get a "picture" of what you look like. These measurements are specifically designed for Motorcycle garments. So please do not go to a Tailor or Dressmaker, they may make too many "allowances".

Get a dressmaking tape and a friend to help you. Stand up straight but relaxed, with arms relaxed at sides. Wear the clothing that you would normally expect to wear under the garment.

Please keep in mind that thick bulky clothing that can bunch up under your armpits, in elbows, in your groin and behind knees is not ideal. Smooth close fitting garments are preferable. e.g. for warmth wear close fitting Thermals rather than a thick jumper or sweater. The tape should be firm around you, but not tight and make sure that it is not twisted at the back. Don't "breathe in" being vain won't help the fit of your garment. If you are unsure about anything, please call us while you are doing the measuring and we will help you.

Do you have your own body armour vest or back protector?....YES / NO.

Will you be wearing it with this garment?..YES / NO. If yes, please take your measurements with it on.
